

# PROJECT GOOD MORNING

## WHAT IS PROJECT GOOD MORNING?

Project Good Morning is a program designed to assist community residents who do not have regular daily contact with relatives, friends or neighbors. The program allows for residents to make scheduled contact with the Dunbarton Police Department to ensure that they are OK, and further allowing for their independence and ability to stay in their homes. This program allows family, friends or neighbors the security of knowing that the individual is having regular daily contact.

## HOW PROJECT GOOD MORNING WORKS

- a. Project Good Morning participants complete an application for admittance to the program. This application is an agreement by both parties involved to abide by the rules of the program. The application also gathers specific information that will be needed in an emergency situation.
- b. Project Good Morning participants call into the Dunbarton Police Department, (603) 774-5500, **between 8:00 A.M. – 10:00 A.M., Monday – Thursday**. If the participants are going to be away from home, in the hospital, leaving very early in the day, etc they may simply notify the Department in advance with the dates away, and call into the Department upon their return.
- c. Around 10:00 A.M., a member of the Dunbarton Police Department will verify that all program participants have called in. A member of the Department will then attempt to call participants by telephone to assure their well-being. If the member cannot reach the participants by telephone, a police officer will be dispatched to the participant's residence. The police officer will make every attempt to verify the participant's well-being.
